## MEJQ-20 Locating Pin Hole Position and Counterbore Depth Change

Thank you for supporting Mindman products. The design change will apply to the following models. Sorry for any inconvenience may occur. Please kindly understand and cooperate.

1. Model series

**MEJQ-20**

2. Design change reason

**To enhance product stability and respond to market feedback, an additional tightening bolt has been added to the motor mounting bracket, and the position of the locating pin holes have been changed, along with an increased depth of the counterbore.**

3. Change descriptions

**As shown on next page.**

Before		
After		

#### 4. Effective date

It takes effect immediately.

#### 5. If there is any question, please contact our sales department.
